

Highway Use Permit Container Terms and Conditions

The applicant (the “Permit Holder”) will:

1. Release and indemnify the District of North Vancouver, its employees, agents, and elected officials with respect to any property damage or loss, personal injury or death arising directly or indirectly out of any activities under this Permit.
2. Make the container visible to vehicular and pedestrian traffic at all times by attaching reflectors and/or placing reflective cones on either side of the bin during the time it is on the street.
3. Use the container in accordance with the conditions of this Permit and the provisions of all applicable District bylaw at all times.
4. Apply this non-transferable Permit to the container described above only.
5. Ensure the container is not placed:
 - on any major or minor arterial roads as defined by the Official Community Plan (OCP);
 - within 5 meters of a fire hydrant;
 - in front of or within 2 meters of either side of a driveway, private road or sidewalk crossing;
 - on a sidewalk, boulevard or sidewalk crossing;
 - within 15 meters of an intersection;
 - within 6 meters of a lane;
 - on a manhole or valve; or
 - on any block with two containers already present on the street.
6. Maintain a valid copy of evidence of comprehensive general liability, including contractual liability and not-owned auto liability insurance in the amount of \$5,000,000.00. The Policy must name the District as an additional insured insofar as the District's legal liability arises out of the operations of the insured. The Policy is in full force and effect and shall not be cancelled, terminated, materially altered or allowed to expire unless 30 days prior written notice has been given to the District.
7. Prepare and distribute notification to all affected property owners and business operators, with a copy to Engineering Transportation if required. Notification must include location of the container, dates when the container will be on the street and contact information (name and telephone number).
8. Deposit with the District a letter of credit or certified cheque in the amount deemed necessary by the Municipal Engineer which may be used by the District for costs incurred by the District, including legal and administrative costs, arising directly or indirectly out of a breach of this permit or the repair or replacement of District streets and facilities.
9. Pay for any damage to District property caused by the container or its contents that has to be repaired, removed or cleaned-up.
10. Display the permit number on the side of the container facing oncoming traffic.
11. Keep a copy of this Permit on-site and produce it on request by an employee of the District of North Vancouver or RCMP.
12. Renew permit a minimum of five (5) business days' notice prior to the expiration if an extension is anticipated.
13. If the container occupies the street past the expiry date and notification has not occurred, additional non-refundable fees may apply.

If any of the terms and conditions of this HUP are not fully complied with at all times, the Municipal Engineer may terminate this HUP immediately. This HUP may also be revoked by the Municipal Engineer at any time for any reason if deemed necessary or desirable by the Municipal Engineer.
