

Board of Variance Applications

This document is intended as a guide only. Please discuss your application with our Development Services Department. Any contradiction, dispute or difference between the contents of this brochure and the *Local Government Act* or District of North Vancouver Bylaws will be resolved by reference to the bylaws and other official documents.

The Board of Variance is established pursuant to the *Local Government Act* and is comprised of five members appointed by Council. The Board appoints a chair from their number. All members serve without remuneration.

What is the purpose of the Board of Variance?

The purpose of the Board of Variance is to consider minor variances in siting, dimensions or size requirements (side yard, back, front, height and area coverage) where compliance with the District of North Vancouver Zoning Bylaw would cause hardship.

What does the Board not consider?

The Board of Variance cannot vary the permitted uses, densities or parking under the Zoning Bylaw nor is it to deal with major variance applications. Major variances require a Development Variance Permit application.

How do you apply to the Board of Variance?

Before you apply to the Board of Variance, you must first submit your building plans for review with the Development Services Department. If your application is denied because your building plans do not meet siting, size or dimension requirements under the Zoning Bylaw, you may appeal the decision to the Board of Variance and request permission to receive a variance to the Zoning Bylaw.

Application forms are available online at dnv.org/our-government/board-variance. Submissions are made in person at the District of North Vancouver Municipal Hall.

What is required to make an application

1. An electronic copy of all materials being submitted in hard copy, including forms, site plans, floor plans, elevations and photographs. This may be submitted via email to the Board of Variance committee clerk at archerc@dnv.org, USB stick, Dropbox or other Cloud storage service; and, **Seven (7) hard copies of all of the following:**
