

# **M** Elevations - Simple Master Requirement BLD 112

## **Purpose**

The *Elevations* indicate the nature and extent of the proposed work and are used to establish compliance with building code and zoning bylaw considerations.

## **Background**

Elevation drawing requirements vary with the complexity of the building and zoning considerations.

Examples of work requiring *Elevations- Simple* include interior renovations with minor exterior changes (adding windows) or applications for minor additions, parking structures and accessory buildings.

## **Requirements**

### **Content: General**

- Scale 1/4" = 1'-0" or 1:50 recommended
- Elevation of each side (north, south, east and west) of new work
- Roof slope indicated ( i.e. v:h ratio)
- Spatial separation calculations

**Timing:** Must be submitted with permit application.

**Owner:** Submit elevations with permit application
