Questions Regarding Both North Vancouver Municipalities

The grant application includes some questions where information concerning both North Vancouver municipalities is required. These questions must be completed even if an organization is applying for a grant from one municipality only.

Filling in the Organization Summary Form

The Organization Summary Form is to be filled out by *all* applicants.

The questions on the Organization Summary Form should make it clear what information is required. Keep in mind the information above in Evaluation Criteria and Quality of Information. However, some specifics and examples are provided here to assist.

Section: Accessibility

Examples of topics to consider are provided below for each item in this question:

Question: How does your organization ensure your services are accessible and inclusive to:

- a) People with disabilities
 - Is your building wheelchair accessible?
 - Are you on a bus route?
 - Are there designated parking spots for persons with disabilities adjacent to the building in which your programs/services take place?
 - How do you market/communicate your programs/services to people with disabilities?
- b) Culturally diverse communities: (maximum 50 words)
 - Do you list languages other than English that are spoken by your staff/volunteers?

- Are your program/service materials available in languages other than English? Which languages?
 - Are your website and/or social media in languages other than English? Which languages?
 - How do you market/communicate your programs/services to speakers of languages other than English?
- c) People of various social and economic backgrounds: (maximum 50 words)
- Which organizations have you approached that serve this demographic in order to promote your programs/services?
 - How do you market/communicate your programs/services to people of various social and economic backgrounds?

Section: Trends

Question: What current trends affect your organization? E.g. is the demographic changing, is the waitlist changing, etc. (maximum 50 words)

Municipalities rely on the non-profit social service organizations to identify current trends. For example, whether more of their clients are feeling isolated, more families are seeking food or on the verge of homelessness. Other trends could include growing waitlists for particular programs or a decrease in volunteer hours.

As a social service organization working closely with our more vulnerable populations, the organization's ability to adapt or create new programs and services to meet these changing needs is significant.

This question asks organizations to identify and share these trends.

Section: Sustainability

Question: Please describe what steps your organization has taken to reduce Green House Gas Emissions and increase energy efficiency (e.g. implementing Power Smart measures, carpooling to meetings, etc.).

The North Vancouver municipalities all place strong value on environmental sustainability. Explain how the organization shares this value. Please be sure to provide examples.

Filling in the Operating Grant Application Form

The Operating Grant Application Form is for organizations applying for financial assistance for ongoing operating costs such as rent, utilities, fixed costs.

The questions on the Operating Grant Application Form should make it clear what information is required. Keep in mind the information above in Evaluation Criteria and Quality of Information. However, some specifics are provided here to assist.

Section: Operating Budget

The Operating Budget refers to the costs and revenue associated with the general operation of the organization. Examples of expenses include ongoing operating costs such as rent, utilities, fixed costs.

Question: In-kind Sources

In-kind sources are sources of non-cash support in the form of goods and services.

Filling in the Program Grant Application Form

The Program Grant Application Form is for individual projects/services/programs. You may apply for more than one program grant, but must complete a SEPARATE Program Grant Application Form for EACH additional grant.

The questions on the Program Grant Application Form should make it clear what information is required. Keep in mind the information above in Evaluation Criteria and Quality of Information. However, some specifics and examples are provided here to assist.

Section: Program Proposal

Question 4. If you applied for and received funding for this program last year, what were the specific outcomes of that program? Please provide quantitative and qualitative information.

This question asks for “quantitative and qualitative information”. Qualitative information is anecdotal, quantitative is numbers, statistics.

Stories and anecdotal responses are interesting and valuable; however, the response should be backed with numbers to validate the statements made. Examples of numbers could be: count of volunteers, volunteer hours, clients served, meals provided, referrals made.

Question 5. Please identify the specific criteria you will use to evaluate your program’s results and how you will measure success.

The tools used to evaluate should provide quantitative information, be backed by numbers, whenever possible as this helps demonstrate the results. Examples of criteria you could use could be: count of volunteers, volunteer hours, clients served, meals provided, referrals made.

Question 7. If you did not receive the amount of money requested last year, what was the impact to the program?

Qualitative or anecdotal information is expected along with quantitative information, the numbers, in order to demonstrate the impact. Examples of quantitative information could be the number of clients turned away, resources that had to be cut which impacted the quality of the program.

Section: Program Budget

Question: Please indicate program start and end dates or fiscal start date as appropriate

Note that programs can have a specific start and end date or be continuous. Please indicate as appropriate.

Question: In-kind Sources

Frequently Asked Questions

1. *What is the difference between a program grant and an operating grant?*

Generally, an operating grant refers to the general on-going operation of your organization (e.g. rent, utilities, fixed costs), whereas a program has distinct resources committed to the operation of that specific program (staff costs and other expenses related to that program).

Note: Programs can be continuous or have a specific start and end date.

2. *The service that my organization offers on the North Vancouver is part of a larger umbrella organization located elsewhere. Our published financial statements reflect the larger organization. Is this an issue?*

There is an expectation that the budgets and financial information that you include in your grant application reflect the North Vancouver service that is being offered by your organization. The financial information for the larger umbrella organization is informative, but does not provide Committee members the information they need to assess your application.

3. *When we apply for grants, our organization typically requests more than we require in anticipation that we may receive less. Is this advisable?*

It is best to request the actual amount that your organization requires. Applications where the funding request appears to be inflated can be viewed unfavourably.

4. Can we rely on the municipal community grant funding as the sole source of funding?

Municipal funding is considered one source of funding. Organizations should not prepare and submit budgets where the municipal request is the only source of revenue.

5. In order to save time, our organization sometimes will 'cut and paste' from previous application forms. Is this acceptable?

Although we do not expect agencies to re-write their applications from scratch every year, we do expect the information included in the application form to reflect current information, both qualitative/anecdotal and quantitative/statistical.

6. When filling out the application, I sometimes reduce the font size in order to get all of my answer to fit into the box, is this acceptable?

Always stick to the stated word count and be concise with your answer.

7. Can I just include qualitative/anecdotal information in my application form, or do you require statistics or other quantitative analysis?

The answer is both. Stories and anecdotal responses are interesting and valuable; however, your response should be backed with numbers and photos whenever possible as this helps Committee members clearly see the funding need for your program or organization.

Examples of numbers could be: count of volunteers, volunteer hours, clients served, meals provided, referrals made.

8. As some of the services that we offer are done discreetly without recording names or addresses, it is challenging to provide precise numbers of individuals accessing services or what municipality they come from.

While we respect your clients' need for anonymity, there is data that can be collected that will not infringe on confidentiality. For further information or assistance, please contact one of the municipal staff liaisons.

9. On the Operating Grant Application, the question asks for how many individuals were served in each municipality. Are percentages okay or do we need to go through postal codes and get exact numbers?

The actual numbers are required. For further information or assistance, please contact one of the municipal staff liaisons.

10. To make it easier for applicants, could the municipalities not evaluate the applications in line with the fiscal years and funding cycles of the applicant organisations?

The application timeline is based on the timing of the municipal budgets and includes the time required for the Committees to evaluate the applications and make recommendations to Council. Further, the current model allows the funds to be allocated taking into consideration all applications received which is only possible with a single review per grant period.

11. If we are making applications to each municipality, do we ask for the full amount we require from each municipality?

You should split the full amount you require and ask for a portion, usually a third, from each municipality.

12. I am not sure whether certain expenses would be considered operating costs, how do I know?

Operating costs are your ongoing costs such as rent, utilities, fixed costs. If you are unsure, please contact one of the municipal staff liaisons.

13. We receive a great deal of funding in-kind, are these considered in relation to financial funding in terms of evaluating whether the municipal grant would be a sole source of funding?

Indeed, yes: in-kind sources of funding are requested in the budget sections of the application forms to allow them to be evaluated in monetary terms along with financial sources.
