- Proof of valid District of North Vancouver Business Licence

Additional Information

The permit will be issued on terms and conditions established by the District from time to time including the following:

1. Provide a minimum of seven (7) business days' notice prior to the commencement of the permit;
2. The container company must provide evidence of comprehensive general liability insurance, including contractual liability and not-owned auto liability insurance in the amount of \$5,000,000.00. The Policy must name the District of North Vancouver as an additional insured insofar as the District's legal liability arises out of the operations of the insured. The Policy is in full force and effect and shall not be cancelled, terminated, materially altered or allowed to expire unless thirty (30) days prior written notice has been given to the District;
3. The container company must provide proof of a valid District of North Vancouver Business License;
4. Submit a map or drawing indicating the location of the container to the Transportation Engineering department for approval;
5. Prepare and distribute notification to all affected property owners and business operators, complete with a copy to the Engineering Transportation if required. Notification must include location of the container, dates when the container will be on the street and contact information (name and telephone number);
6. Fees as per Fees and Charges Bylaw #6481
7. If parking clearance is required, pay fee for installing parking clearance signage. Signs are under Transportation Fees of the Fees and Charges Bylaw #6481, with a minimum of two (2) signs per zone. Total number of signs will be based on length of zone required;
8. Deposit with the District a letter of credit or certified cheque in the amount deemed necessary by the District Engineer which may be used by the District for costs incurred by the District; including legal and administrative costs arising directly or indirectly out of a breach of this permit, or the repair or replacement of District streets and facilities;
9. Pay for any damage to District property caused by the container or its content that has to be repaired, removed or cleaned-up;
10. Make the container visible to vehicular and pedestrian traffic at all times by attaching reflectors and/or placing two (2) 18" cones adjacent to the container during the time it occupies the street;
11. Ensure that the permit number is clearly displayed on the outside of the bin;

If an extension of the permit is anticipated, applicant must contact the Transportation Engineering department for approval. To avoid paying additional application fees, minimum five (5) business days' notice is required.
