

## LYNN VALLEY ELEMENTARY SCHOOL SAFE ROUTES TO SCHOOL

### LEGEND

Recommended Walking Routes\*

\* These routes typically have less vehicle traffic and more pedestrian infrastructure such as sidewalks. These routes also connect to many students' homes.

Recommended School Entry Points for Cyclists\*\*

\*\*All minor roads can be used by cyclists who have bike safety training and equipment. As different students will use different cycling routes, only the recommended safer school entry points are provided.

Recommended Direction of Travel for Cars

- |  |   |  |                              |
|--|---|--|------------------------------|
|  | Sidewalk  |  | Pedestrian Controlled Signal |
|  | Stop Sign   |  | No Stopping Area             |
|  | 4-way Stop Sign   |  | Staff Parking Only           |
|  | Traffic Signal  |  | Designated Parking Area      |
|  | Crosswalk   |  | No Parking Area              |
|  | Curb Extension (providing safer street crossings)   |  |                              |
|  | Drop-Off / Pick-Up Zone (Stopping is permitted, but drivers must remain in their vehicles to avoid being ticketed)      |  |                              |
|  | Valet Service Zone (student volunteers available to escort younger students into school so parents do not need to park) |  |                              |
